

DEPRECATE LOSS OF DR. MARQUIS

Ministerial Alliance Meets and Draws Resolutions Asking For Retention.

DESIGNATED AS A LEADER

Removal to Another Charge Would Be in the Nature of Calamity to the City.

The Ministerial alliance at its meeting in the Y. M. C. A. this morning, passed resolutions deprecating the proposed removal of Dr. W. S. Marquis from the pastorate of the Broadway Presbyterian church, in which he is praised for his efforts to uplift the community, and in which it is stated that his removal from the city would be an irreparable loss. A committee, consisting of Rev. T. E. Newland of the First Methodist church and Rev. H. W. Reed of the First Baptist church was appointed to present the resolutions to the presbytery at their meeting, at which the question will be decided.

CALL IT A CALAMITY.
Whereas, Creditable information is at hand which causes the gravest apprehension relative to the continuance of the pastoral relation between Dr. W. S. Marquis and the Broadway Presbyterian church of this city, and

Whereas, The worth and work of Dr. Marquis have not only been effective in the building up of a strong congregation, but have exerted a commanding influence in the city, and

Whereas, In all progressive movements for the moral and spiritual benefit of our city Dr. Marquis has always been vitally related, and his intense earnestness, readily blazing into enthusiasm, has made him a leader among us;

Therefore be it resolved, That we should deplore his removal from us at this time as little short of a calamity, and together with all good citizens we sincerely hope that the prayer of the congregation may be granted and the pastoral relation be sustained.

Practically the only other business transacted at the meeting was the adoption of the report of the program committee for the year.

FEELS HE IS NEEDED.
That his presence is necessary in his present charge to complete a work which has been instituted in one of the important branches of Broadway Presbyterian church, and that his removal from here would be a detriment to the plan under way, was the statement of Dr. W. S. Marquis, pastor

of Broadway Presbyterian church, yesterday morning at the regular service. His statement was made because of the meeting of Rock River presbytery held at the church this afternoon for the purpose of considering the demand of the synod of Illinois that he take up duties as superintendent of a benevolence campaign in the state.

FORMING NEW CHURCH.

Dr. Marquis said that at the present time the South Park chapel, one of the branches of the Broadway church, is about to become an independent institution and is to sever its connection with the mother church within a short time. That is one of the important reasons why he desires to remain here. He has worked, along with the chapel organization, since the chapel was organized and the congregation has worked with him. Since Rev. W. G. Ogilvie, assistant Broadway pastor, came to Rock Island, the growth of the chapel has become more pronounced. It is one of the most progressive of the younger church institutions in Rock Island and now plans are forming to make it a church in itself.

Then, too, there are many things in progress in Broadway church which need Dr. Marquis' help to carry through. The church has reached a critical period in its life and a change would be unwelcome.

COMMITTEE GIVES VIEWS.

Armed with dozens of reasons to keep the pastor here, the committee appointed by the congregation a week ago yesterday to appear before the presbyterial body, entered into the meeting this afternoon. To offset the pleas of the local congregation, the synod has a committee here to give to the governing body an outline of the work which it intends to do and show why they have chosen the local pastor to do it.

IS UP TO PRESBYTERY.

It was in the month of September that the synod voted the office of superintendent of benevolences to Dr. Marquis over his protest. He refused to present the matter to his congregation, and the synod appointed a committee to meet with the presbytery, for that body has the power of severing pastoral relations with a church and transferring the pastor to another charge. It was for that reason that Dr. Marquis and Broadway session decided that it would be best for the congregation to appoint a committee to appear before the presbytery at the same time. In addition to members of the committee, there were present at the meeting several members of the congregation, including members of the Men's class.

Delegates from some of the 26 churches of the presbytery of Rock river arrived this morning. They include pastors and one elder from each church. Many of the churches were not represented.

Gold Dust Brightens the Home

Nothing is so attractive as a cleanly home; nothing contributes so much to cleanliness as Gold Dust. No matter what it touches—china, pots and pans, floors, woodwork, clothes, etc.—it cleans thoroughly, leaves everything spotlessly clean, bright and attractive.

Don't use up all your time and strength trying to keep things clean; use Gold Dust everywhere you can—in all your household cleaning—and let it do the work. It works so quickly and thoroughly that really it makes cleaning a pleasure instead of a task. It makes some "sweet" home.

the home of Mrs. Marquis, Friday afternoon at 3 o'clock.

At Y. M. C. A.

Two splendid addresses were given at the Y. M. C. A. yesterday afternoon. At the meeting for men, Rev. Frank Cole, of Davenport, gave his views on "The Doctrine of a Square Deal." It was a scholarly and inspiring effort, heard with great appreciation. Rev. Mr. Cole maintained that every man owes a "square deal" to every other man, and that the only really square deal is that made when a man deals fairly with himself, with his neighbor, and with God. The male quartet furnished pleasing music during the afternoon.

At the boys' meeting, J. T. Nofsker spoke in so pleasing a manner that the boys unanimously voted to invite him to speak for them again soon.

Tomorrow evening at the Y. M. C. A., Dr. W. E. Taylor is to give a lecture on "Better Methods of Farming." Dr. Taylor, who is in charge of the experimental work for Deere & Company, is in a position to give the very latest word on scientific farming, and he ought to be heard by many men. The lecture is to begin at 8 o'clock, in the Y. M. C. A. chapel, and admission is free. The event was planned at first for men, but as requests have

come in for permission for ladies to attend, it has been decided that any interested ladies who desire to do so may have the pleasure of hearing the lecture. Dr. Taylor has kindly given his consent to make the lecture an open one.

Considerable interest has been manifested in the matter of scientific farming, and it is possible that a club for further study may be started as a result of the lecture by Dr. Taylor.
